Overview

Visibly organised? Rexel Active and View-Tab™ pockets and folders have been designed to ease the daily frustrations of filing and organisation on and around your desk. The pockets and folders have clever re-usable ID features ensuring your files and file contents are always visible. The pockets also feature a rigid spine which is designed to click easily in and out of a lever arch file, for quick and easy access to contents without having to open the mechanism.

Features

- Easy use spine allows insertion and removal of pocket from Lever Arch File without opening the mechanism
- A5 folded insert label gives 16 printable locations and works with the double sided ID sleeve

Dimensions

Height: 312mm (12.28")
width: 242mm (9.53")
